

## **Sharon Iben RN, BSN, CEN**

Director 2009-2010

I have been a national ENA member since 1992 when I transitioned into emergency nursing knowing that ENA was vital for growing and developing into a successful emergency nurse. I have held my CEN since 1992 and attended annual meetings. Since moving to Illinois, I began attending Illinois State Council meetings, became a TNCC Instructor and have been a delegate to the ENA General Assembly for the past 2 years. Because I wanted to be more involved in at the state level of ENA, I ran for the office of Director and was elected to do so.

I graduated from Moline Public Hospital School of Nursing, a diploma program, in 1985. I completed my BSN with a minor in Forensic Science at University of Colorado at Colorado Springs - Beth-EL College of Nursing and Health Sciences in 2004. I am currently employed at Memorial Medical Center in Springfield. I am a supervisor and the FirstNet analyst in the Emergency Department.
