

April 11,  
2009

ROSEANNE C. NIESE, RN, BSN, MBA

This year I have started becoming more involved in the Illinois ENA. I have been a nurse since 1988 and part of the Emergency Department experience for the past nine years of my career. Since 1993, I have been a leader in Advocate Good Shepherd Hospital. As a manager and director I have had many experiences providing leadership for many different types of nursing intensive care, medical surgical and outpatient nursing and have had experience in developing programs, chairing committees all to progress the hospital and nursing in a positive direction for the benefit of the patients that we serve.

Recently, I have been involved in the creation of a brand new Emergency Department which opened in 2007 and in the past few years have participated and led the Six Sigma and Lean initiatives of the Emergency Department. In the past I have been treasurer for the Illinois Organization of Nurse Leaders for Region 2 B. I have been trained in Change Acceleration Process (CAP) training and am an experienced facilitator. In the past year I was honored by my hospital by being nominated and receiving the Excellence in Nursing Award for Management –Chicagoland Chapter from the Nursing Spectrum for 2008.

I feel with my experience in nursing I bring a unique perspective. I am continuously looking to improve and progress forward in my career and am committed to the improvement in Emergency Care which has become my passion. I would be very excited to become a Board Director for the Illinois Emergency Nurses Association with a strong commitment to the success of the State Board and Emergency Care.

Sincerely,

Roseanne C. Niese, RN, BSN, MBA  
Director of Emergency Services  
Advocate Good Shepherd Hospital
